Dear Most High Friend,

I am Professor Dr. Mkamu Trader Pemberton, IIV, former highest advisor to Secretary colonel Farnsworth Dubito Mbotosu, Esq., son of deposed Princess Leia Sycamore, higher Sire of latent President for Ripe Thaddeus Biff Uhuru Cornswaller, cousin of my Late uncle, head of state of the under-secretary to the national petroleum Bank of Ngotodo, Belgian Congo, brother and confidante to consular attaché and intelligence operative Excellency Sal Knuto Thrummod Carpenter, Ph.D., D.D.S.

Forgive me for Protruding on your beloved Privates, but this is a matter of the utmost Secrecy to which only I can but hope to thrust in your Personal acquaintanceship. Because of serious recurrences leading into my late father's torture and repeated execution at the palms of the late deposed Emperor of Zaireland, Monsignor Konos Kola Kunta Kinkay, VIX, F.A.C.S., Jr., I can only rely most preciously on the servitude of Someone whom to I can't trusted fully, and my many relatives and friends being the utmost unreliable, I turn with complete confidence to the CD of e-mail names I bought for \$5 in an alley here in Scamtown as a privileged source of confidential and highly secret reliable names such as yours forth. I pray and beg to please thus also that you will treet that with the dissection of deserved pride I hope that you shall towards it agree.

My late father's business dealings with the Last National Gold and Diamond Consortium of Lagos, Vulgaria, as a Member of the repressed seniority of the incontinent in which I am most willfully thiving, brought to him my late father Zilgfor Prosper Thickwad the precious sum of approximately \$15,000,000,000,000 in U.S. funds of late (fifteens traillions of U.S. Dollars), which is now most currently beloked into the National Bank of Swirlyland's secret confidential vault in the central city of Escro, where my late grandmother Duchess Her Trail Majesty Lilia Arnaque, had in sometime past held a most High Position. Unfortunately, it is not possible to us to withdraw forth this hugelike funding because of restrictions policies encracked by the Goverment of Zairopia, Southern Africa, which impounds this precious sum allowing of no removal from the premises of the land of the country.

It is so that I pray beg to request most respectfully of Your Kindness and absolute confidential secretness in this Matter of which my late aunt, Imperatrix Stella McWilter, J.D., D.O., preserved herself at the hands of Many men the secrets of. If should you be so Kind and Precious to assist me in with-pulling this amount to a stranger state than that of which I to whom live, I shall most surely endow Your good highness with a commission of the most generous sort of the amount of \$10,000,000,000 in U.S. funds as your commission. I assure you of the most confidential discretion of secrets of course and privates are in your hands I pray, only I need your bank account information and credit-card information and blood type and Social Security number so as better to Entrust you with this special private commission in exchange for handling these funds so readily.

So please I pray let me into your most utter confidence and bank funds that I may so soon give you a generous commission in exchange for your Help in pulling to me these important funds of which I hope to share in thanks for your gentleness and submission. Contact me as soon as possible with the necessary information and I ensure you that all the modalities required for secret and in total confidence movements of these funds will be guaranteed to you ultimately.

God bless you, everyone
Dr. PROF. Mkamara Ladle Thinspire, Esq., R.N.
